- **Reduces Dust**
- **May also be used as a fuel for wood-burning cookers**

Instructions for Use

Initial Application:

Clean stall thoroughly.

For an average stall, empty 6 bags of Stampede Pinewood Pellets onto floor.

Spread with a rake to distribute evenly and sprinkle with water until damp.

Daily Maintenance:

Remove all solid droppings and densely wet patches.

Thoroughly mix remaining wood pellets and redistribute evenly.

Weekly Maintenance:

Once a week, after completing daily maintenance, mix in one bag of Stampede Pinewood Pellets.

It is not necessary to sprinkle this new product with water.
